

**You are Invited to a Day at the Beach for Beach Managers:**

## **Ecologically Sensitive Beach Maintenance in the City of San Diego**

*A forum for managers and workers to provide scientific information relevant to  
management of sandy beaches in ecologically sensitive areas of California*

Please join us **Tuesday May 22, 2007**  
Hosted by City of San Diego Shoreline Parks  
and Beach Manager Dennis Simmons  
Belmont Park, Mission Beach (San Diego)  
9:30 am to 1:00 pm

### **Agenda:**

- 9:30–10:00 am**      Arrival, sign-in and refreshments.
- 10:00–11:00 am**      Field demonstration of beach maintenance equipment and the Grunion Grooming Protocol – Dennis Simmons and crew.
- 11:00–11:40 am**      Beach biology with Dennis Lees – Consulting Marine Ecologist.
- 11:40–12:00 pm**      Field demonstration of grunion eggs, hatching, and more – Dr. Karen Martin and associates.
- 12:00–1:00 pm**      Roundtable discussion and lunch.

*You will have time for a self-guided tour of San Diego's many beautiful beaches in the afternoon.*

**Directions:** South I-5 to the Sea world Drive exit, go west to the Ingraham Street exit and stay to the right—take the West Mission Bay Drive ramp. Head west to the roller coaster, turn left at the next stop light onto Mission Blvd, and turn right into the parking lot.

*As always, the symposium, parking, lunch, and refreshments are provided free of charge to participants thanks to funding from **California Sea Grant College, NOAA, and Pepperdine University.***

*Your RSVP helps us plan ahead.*

**RSVP to Dr. Karen Martin: [kmartin@pepperdine.edu](mailto:kmartin@pepperdine.edu); 310-506-4808**
